11. Garage	5.6 x 3.5m

Landscaping Plan

Our vision is to curate outdoor spaces that improve the ownership experience for owners and residents. We have carefully planned the landscape and garden design to ensure each home features outdoor areas that complement the internal spaces and invite people outside. The planting selection highlights the changing seasons, offering year-round flowering interest with a thoughtfully chosen blend of native and exotic plants, attracting native birdlife to the development. Each garden bed is designed for minimal upkeep while maintaining layered, textured, and distinctive plantings. This results in elegant spaces that set the scene for relaxed outdoor living. -Craig, Form Garden Architecture
